Please consider alternate sites for this project due to impact on dunes and traffic concerns.
Thank you.

I oppose the proposed handicap access as planned. There are many better locations for what is proposed.

Lou Earnhardt

I'm writing to let you know I oppose the proposed location of the handicapped beach access at lot 1319 on S baldhead Wynd

This is a fragile dune area, and I don't believe destroying it for a handicap access ramp and parking lot is a good idea.

This natural area should be protected and the dunes are needed should there be impact from another hurricane. I believe other locations should be considered instead.

Thank you
Kristen Rauth
