

552 MILLION
15-oz shampoo bottles could be ending up in the US landfills each year. That's more than **18,000 TONS** of plastic!

ONLY 1 IN 5 PEOPLE
CONSISTANTLY RECYCLE
IN THE BATHROOM!

leave
CAPS ON
but...

pumps are made from multiple materials so check with your local recycling facility about alternate disposal methods.

THE NUMBER OF 15 OZ SHAMPOO BOTTLES THROWN OUT EACH YEAR IN THE US COULD FILL

1,164
FOOTBALL FIELDS

Boxes and other cardboard that are used for packaging products can be recycled too!

Toilet paper rolls are recyclable too!

Toilet paper, cotton balls, and diapers are wrapped in film plastic that can be recycled at grocery and retail drop-off locations.

RAZOR **BANDAGES**
SOAPS **TOOTHPASTE**
TISSUE **HAIR DYE**
